

Adjusting Appearance 1

Proloquo2Go (iPhone, iPad and iPod touch). In this short tutorial you will learn the basics for adjusting the appearance of Proloquo2Go.

Changing Button Size

Launch Proloquo2Go by tapping on its icon. Go to Options View.

On an iPod touch or iPhone, Options View can be accessed by tapping the *Views* button (double overlapping squares) in the bottom left of the screen, and then tapping *Options*.

Same as Co	olumns	~	
1			r
2			t
3			
4			Ν
5			а
6			
7			r
8			Ν
9			C

This number defaults to "Same as number of columns", but can be set to any number from 1 to 12.

Note that the Basic Communication and Core Word vocabularies will not display as designed unless Number of Rows is set to Same as Columns.
